## GRANT IN INDIA.

WARM AND GENEROUS RECEPTION OF THE EX-PRESIDENT BY THE VICEROY AND THE PRINCIPAL OFFICERS OF STATE—BANQUETED AT BOMBAY.

[BY CABLE TO THE HERALD.] LONDON, March 16, 1879.

Advices have been received from the Heralds correspondent accompanying General Grant. The General arrived at Allahabad on the 22d of February, where he was received by Sir George Cowper, Lieutenant Governor of the North-west Provinces, and was escorted to the Government House. The General left Bombay on the evening of the 18th of February, after enjoying much hospitality and attention. Lord Cranbrook had sent word to announce the General's coming, and the intimation to the Viceroy to show the General every attention. On his arrival at Bombay, therefore, the General was the recipient of many telegraphic congratulations, and invitations from the Viceroy, the Duke of Buckingham, and the governors of provinces. On the evening of the 17th a banquet was given to the General at the Government House, Malabar Point, Bombay, and after dinner he was presented to a delegation of native and Parsee gentlemen merchants. The scene was very picturesque and striking. The General left Bombay on the evening of the 18th, being escorted to the railway station by a guard of honor and all the officials. On the 20th of February the party arrived at Tatulpur and visited the Marble Rocks, on the Nerbudda River, riding there on elephants provided by the government. The General left Allahabad on the 22d of February for Agra, thence to Delhi, Cawnpore, Lucknow, Benares, so as to be in Calcutta on March 10, thence to Madras and Ceylon. So far the General and party are very much pleased with their journey.

THE ZULU WAR AT A STAND STILL—M. WADDINGTON ATTACKED—THE ORIENTAL QUESTION—OCEAN TELEGRAPHY.

[BY CABLE TO THE HERALD.] LONDON, March 16, 1879.

A week's latest news from South Africa has arrived at Madeira from Cape Town, but there is absolutely nothing of importance to report. The papers are dated February 25. The newspaper correspondents with the British forces say that the Zulus remain inactive. The only fresh fighting reported resulted in the capture of some cattle. British reinforcements sent out on the frigate Shah having arrived from St. Helena, it had been determined to effect the relief of Colonel Pearson from his isolated position near Ekowe. [Colonel Pearson, it was reported by cable on Monday, had been attacked by a large force of Zulus, and had succeeded in defeating them, with enormous loss, and had pursued them to Entabeni,] an important Zulu military kraal. Colonel Pearson has a force of about three thousand men across the Tugela, and opposed to him were about ten thousand of the Zulu force. Direct wire communication with the Cape having become a matter of vital importance to the English government, tenders have now been invited for a telegraph to South Africa and Mauritius, either via Aden or India.

## THE FRENCH POLITICAL AGITATION.

Public sentiment in Paris is set in against M. Waddington, now at the head of the French Ministry. The *Daily News* Paris despatch mentions that Emile de Girardin, in *La France*; M. Edmond About in the *XXVe Siècle*, and the *National* show wonderful unanimity in denouncing the withdrawal of M. Waddington from the Premiership. The Paris correspondent of the *Standard* says:—"M. Waddington on Thursday evidently failed to secure the ear of the House and some of his phrases were, to say the least, unlucky. Thus, he described the foundation of a parliamentary republic as a great experiment. This has given mortal offence. I fear the sequel is only too plain. The fate of M. de Marcère seems to be in store for M. Waddington. There will be more interpellations, a crisis, and, in all probability, further modifications of the Cabinet before the Easter recess."

The majority in the Chamber of Deputies Thursday night against impeachment of the De Broglie and Rochefort cabinets consisted of 183 republicans and 134 legitimists and Bonapartists. The minority consisted of 158 republicans and 1 Bonapartist. The government's majority, taking the Left alone, was thus only 27. Ninety-nine republicans abstained from voting. There, principally, were ministers, who were detected by the views of some of their constituents from voting with the Cabinet.

## BULGARIA AND EASTERN ROUMELIA.

A despatch from Timorova says that a committee composed of twenty members of the Assembly will prepare a memorial to the Powers; and that a deputation consisting of two Bulgarians, two Roumelians and one Macedonian, will visit the several capitals to present the memorial to the signatories of the Treaty of Berlin. The *Times*' correspondent at Constantinople says that "rumors concerning secret negotiations for the sale of the island of Crete to Greece and the cession of a naval station to France are apparently circulated as part of an intrigue for overthrowing the Grand Vizier. The Russian Commissioners at Philippopolis have received orders to avoid all unnecessary obstructions. The organic statute for Eastern Roumelia may consequently be completed before the end of the month." A despatch from Constantinople says that the Sultan has issued his long expected *irade* authorizing the conclusion of an arrangement with Austria on the Novi-Bazar question, and with Greece on the delimitation of the frontier.

## OCEAN TELEGRAPHY.

A despatch from Paris to the *Times* states that the first proposals of the Anglo-American Cable Company to the new French Cable Company were not accepted. Fresh proposals have been made which, it is said, will probably lead to the amalgamation of the two companies.

## AN ITALIAN'S CRIME.

DURING HIS NEWLY MARRIED WIFE TO SECURE HER MONEY.

[BY TELEGRAPH TO THE HERALD.] RICHMOND, Va., March 15, 1879.

A most atrocious and brutally murderous assault occurred here about two hours ago, which occasioned great excitement. A man named Angelo Bacigalupo, an Italian, who keeps a grocery and grog shop on Eighth street, near the canal basin, two weeks ago married the widow of a cousin named James Bacigalupo. It appears that his object in marrying her was to get possession of her money, which is said to amount to some thousands of dollars. About the hour named he pretended that he was going to leave the city, and decoyed the woman out of the shop and round the corner, where he set upon her and stabbed her with a dirk eleven times. One of the wounds is over the heart, three in the right arm, one in the right ear, one in the head, two on the right side, two in the abdomen and one in the breast.

THE STRIKE AND CAPTURE.

The shrieks of the unfortunate woman attracted the police who were on duty in the vicinity, and who quickly ran to the spot and attempted to subdue the man. He was, however, so enraged that he threw the wounded woman into the canal basin, but was prevented by two young men, who were first to reach the scene. The man then turned upon them and attempted to strike them, but was prevented by the police. He was then taken to the police station, where he was held in custody. His appearance Bacigalupo jumped into the basin and swam to the opposite side in an endeavor to escape, but two officers ran around and across the canal, and he was captured. He had upon his person about \$3,500, which included about \$900 of his wife's money. He had also upon his person a number of letters of himself and wife, which were taken when they were about to be married. The woman is not expected to survive to-night.

## A CRUEL HOAX.

LARGE NUMBERS OF NEGROES FROM THE SOUTHERN STATES INDUCED BY FALSE STATEMENTS TO GO TO ST. LOUIS.

St. Louis, Mo., March 15, 1879.

A large number of negroes have arrived here recently from Vicksburg and other points in Mississippi and Louisiana under the impression, as they assert, that they would be provided with means of subsistence while here and free transportation to Kansas, where, on arrival, they are to receive lands from the government, together with money, mules, ploughs, &c. Several hundred, perhaps more than a thousand, have already arrived, most of them in a destitute condition, and 600 more will reach here tomorrow by the steamer Grand Tower. As no such provision as above named has been made for these people, they have evidently been deceived for some malicious purpose, and in view of all the circumstances in the case, Mayor Overstolz this afternoon issued a proclamation, warning the persons of the impostors, and warning them without money to support themselves and to pay their fare to their destination. No employment can be obtained here and there must necessarily be much suffering and destitution among these people. Two or three hundred of them had money enough to reach St. Louis, but the city and have started for that point. The Board of Health held a meeting this afternoon to consider the matter, and it was at first thought that all the destitute should be sent to the city, but it was finally concluded to take no action at present. The railroad companies, who signed written confessions, had anything to do with the affair, and the Anchor line have offered to take the negroes back on their boats free. The matter is assuming great importance, and what the end will be none can now tell.
